Hello Tim:

The purpose of this email is to request an extension to respond to the attached TR-08 Preliminary Adequacy Review for Daniels Sand Pit 2. The response date for TR-08 is October 20, 2019, and I am requesting an extension to October 25, 2019. On Friday, October 18, we discovered that the incorrect easement had been released for execution, which is the reason for requesting the additional time to have the easement signed and authorized by both parties.
