**RE: Quarterly Update on Mid-Continent Quarry BLM Plan of Operations Modification**

Dear Ms. Yeldell,

This letter serves as the Mid-Continent Quarry BLM Plan of Operations Modification quarterly update from Rocky Mountain Resources (RMR) to the Colorado Division of Reclamation, Mining, and Safety (CO DRMS) for the period of July 1, 2019 to September 30, 2019. During the third quarter of 2019, RMR's Plan of Operations (PoO) modification was accepted as complete by the BLM on August 9, 2019. All non-compliance issues relating to RMR's BLM permit for its Mid-Continent Quarry were listed in the PoO with the suggested methods for correcting each of them. RMR is working with the BLM on acquiring the necessary background and baseline information for the BLM to begin the NEPA process on the PoO.

Please let me know if you require additional information for this quarterly update.

Sincerely,

Robert T. Wagner  
VP, Engineering  
Rocky Mountain Resources
