Can we extend it to Jan 13th, 2020. That's just a little more than a month away. We should be done by then, I would think.

Yes that is a good idea. Send an email requesting a specific date you want it extended to. You may want to extend to sometime in January. We can always approve sooner but this gives us enough time because things slow down around the holidays

Good Afternoon Mr. Bowles,

May request an extension for the Permit process on Poit # M-2019-049. I want to make sure we leave enough time to cover the process.
