Hi there Patrick!

To follow up, I have attached the pictures of the weed mitigation and the updated sign for the entrance of the mining pit. Please let me know if there is anything else that you need from us. Next we will be working on the temporary cessation application. Happy Holidays!

Thanks,

Good morning, all! We will see what we can do today, Matt. But, David Q is on vacation all this week, so Adrian is working with Mark M in the fields.

Have a great day!

Hey there,

If you could include those that would be great as they will probably satisfy the needs of the mining board. LaSondra, it would be great if we could get the sign changed and photos of that over to them today also

Thanks!

Hi All

Not sure if any of these pictures help but took these a few weeks ago down at the mine.

Have a good weekend!

Hey there Lasondra,

I was hoping to get this all worked out this week but I know you guys are busy. Will someone be at the farm on Monday before the holidays?

Thanks!

Hi Matt! It's always nice to have visitors &amp; we hope it provided some insight into 'Farm Life' LOL

It's a snowy day here in Pueblo (schools closed), but we will work on the 2 requests this week. Also, I added Drew so he'll be in the loop.

Happy Holidays!
