Re: Oxbow Mining, LLC., Terror Creek Loadout, Permit C-1983-059  
2019 Annual Reclamation Report

Dear Mr. Simmons,

Please accept this letter as the 2019 Annual Reclamation Report for the Terror Creek LLC.,  
Terror Creek loadout facility.

During 2019, no additional areas were disturbed, backfilled or top soiled. The loadout area was spot sprayed for minor invasions of the noxious weed whitetop (*Cardaria draba*) using Curtail and Escort herbicides in accordance with the requirements of the labels.

Railroad track and ties, associated with the sidings used to load coal cars in the past, were removed from the property during 2017. The ballast remains in place. Rock placed by the Union Pacific Rail Road (UPRR) upon the in place ballast is expected to be removed by the UPRR during 2020.

The Loadout facility equipment was dismantled and removed from the property prior to 2017. The Shower facility was inspected and no asbestos was found and it was then demolished and removed to the Delta County Landfill during late 2019.

Attached is an executed *CDRMS Annual Reclamation Report for the year 2019* form as required for Division records.

Please call me at 970-929-6034 if you have any questions.

Sincerely,

Doug A. Smith  
Chief Engineer
