**Re: Pikeview Quarry, Permit No. M-1977-211
Technical Revision Approval, Revision No. TR-19**

Mr. Heser:

On November 20, 2017 the Division of Reclamation, Mining and Safety approved the Technical Revision application submitted to the Division on November 6, 2017, addressing the following:

Import inert earthen material for placement in the mined out portions of the pit.

The terms of the Technical Revision No. 19 approved by the Division are hereby incorporated into Permit No. M-1977-211. All other conditions and requirements of Permit No. M-1977-211 remain in full force and effect.

The Division has reviewed the change associated with TR-19 for impacts to the financial warranty and has determined that this change does not require an increase to the current reclamation liability..

If you have any questions, please contact me (303-866-3567 ext. 8169).

Sincerely,

Timothy A. Cazier, P.E.
Environmental Protection Specialist
