**Re: Permit Conversion Approval, Revision No. CN-01, Detroit City Mine, Permit No. M-2017-003**

Dear Mr. Lees:

On January 24, 2020 the Division of Reclamation, Mining and Safety approved the Permit Conversion application submitted to the Division on October 2, 2019, addressing the following:

*110(1) to 110(2) Permit Conversion, adding 4.51 acres for a total of 9.5 permitted acres*

The terms of CN-01 approved by the Division are hereby incorporated into Permit No. M-2017-003. All other conditions and requirements of Permit No. M-2017-003 remain in full force and effect. CN-01 has expanded the permit boundary however there is no additional disturbance proposed, therefore the Division has determined that there is no change to the current financial warranty amount on the site.
