

**Pine Junction Pit Site Plan
Permit M 1977-245**

A weed control plan is in place for the Jefferson County Pine Junction Pit. It consists of Spring and Fall property inspections to identify noxious weed species which may be present, followed by any necessary chemical applications. A Fall inspection showed Mullein, Kochia, Knapweed, Canada Thistle and Scentless Chamomile. Five acres of weeds were treated on 9/27/19 between 7:00am and 3:00pm using Hi-Dep and Vista.
