

to delineate the permit boundary (see Photo 5).

<u>Permit Stipulations</u>: There is a commitment to request an increase to the financial warranty prior to opening the "South Pit".

<u>Storm Water MGT Plan</u>: No oil or fuel spills observed. Ditches (see **Photo 6**) were observed intended to divert runoff away from the pit and towards a stormwater pond on the southwest corner of the existing pit. Stormwater captured within the pit, infiltrates.

Topsoil: A topsoil stockpile was observed on the north side of the existing pit (see Photo 7).

Please contact Tim Cazier (303)866-3567 ext. 8169 or email at <u>tim.cazier@state.co.us</u> if you have any questions regarding this report.
