**Re:** **Violation MV-2019-029 Resolved**

---

Violation MV-2019-029 was issued as a result of Washington County (operator) mining outside the approved permit boundary. The Board Order of December 19, 2019 stated that the operator shall submit a reclamation only, 110c permit to include the affected land outside the approved permit. The operator shall submit the new application within 90 days of the Board Order and have the material in an approvable form with 180 days of the Board Order.

The new permit (M-2019-049, Chris Aageson Addition) was submitted to the Division on September 17, 2019 and was approved on January 17, 2020.

Washington County has met the requirements outlined in the Board Order and Violation MV-2019-029 is considered resolved.
