**Re: Mitchell Mine No 1, Permit M-1986-025;
Corrective Action Resolved**

Dear Mr. Newlon

On September 23, 2019 the Division received via email a notarized agreement allowing "RE Monks Construction access to reclaim the mine for reclamation purposes". The corrective action is considered resolved. The Division expects the reclamation to be completed within five years pursuant to C.R.S. 34-32.5-112(6).

Please ignore yesterday's letter from the Division. The legal right of entry document was originally mis-indexed, but is now correctly indexed in our public records.

If you have any questions, please contact me at (303) 866-3567, ext 8169.

Sincerely,
