

**ROCK DOG #1 PIT**

**FILE # M-2005-045**

**Currently affected area remains at 25 acres. No additional acreage was affected in reporting year 2019-2020 and no areas were reclaimed. Approximately 3 acres are planned to be affected in 2020.**

**Weed Control in reporting year 2019-2020: Minor growths of Canada thistle and Russian knapweed were treated by hand spray along the western permit boundary, around the scale house and along the East Access Road with Round Up.**
