Re: Application for a Mined
Land Reclamation Permit
M.L.R.B. Permit M-1978-283

Dear Mrs. Cruz:

We are delivering to you here with a copy of the adequacy packet for the amendment we delivered in September for the Sand Arroyo Pit, M-1978-283, a Regular (112) Construction Materials permit, to be operated by The Walsenburg Sand and Gravel, Co. Please place this packet in the book for that mining operation. A copy of this packet is on file with the Division of Reclamation, Mining & Safety (DRMS).

This copy of the application packet is delivered to you pursuant to 34-32.5-112(9)(a), Colorado Revised Statutes 1995, as amended, which states in part:

....the applicant shall file a copy of such application for public inspection at the office of the County Clerk and Recorder of the County in which the affected land is located.

Please acknowledge receipt of this copy of the adequacy response packet by signing in the appropriate space provided below and returning one copy of this letter to the person delivering the book. Please hold the book for pick-up after the application has been approved by the DRMS (approx. 60 days).

Yours truly,
Environment, Inc.

Stevan L. O'Brian
