Corrective Action No. 2 Resolved**

Dear Mr. Schuler,

On March 16, 2020, the Division received via email photographic documentation of the erosion gullies and ruts originally observed on-site being repaired, thereby addressing Problem No. 2 cited in the inspection report dated August 16, 2017.

The Division considers all three corrective actions (reference October 11, 2016 inspection report) resolved.
