Hi Tabettha,

Can we please get another extension on the outstanding AHRs. We converted over our hydrology data base for the closed mines and it has not been as easy as we were expecting to compile historic data. So our consultant is asking for an extension for the Sage Creek and Hayden Gulch AHRs to be extended to May 1st, 2020. Foidel Creek was submitted last week via the e-permitting site.

Thanks

Miranda Kawcak
