Hello:

I am the accountant for the Division of Reclamation, Mining and Safety and I'm attempting to contact Shawn Wise in regards to the attached letter we received. We have received the new check for the Succession of Operator fee; however, we have already deposited the December 27 check and we believe it successfully cleared the account. Typically, our bank would immediately notify us if a check got returned due to a closed account and this has not happened. I would like to request that Seifert Enterprises research with their bank in regards to check #011483 on the closed account and confirm that it did get paid. The Division will continue holding the new check and we will either return it in the event that check #011483 did clear the account or deposit it for the payment. At this time, we prefer to hold the check now rather than prepare a payment later if this fee has already been paid. Please let me know if you have any questions or concerns. Thank you.

Sincerely,

April Allen
