Notice of Continuance
Mined Land Reclamation Board Hearing April 22~23, 2020

Pinon Ridge Mining, Permits M1978039, M1981021, M1980055HR, M1977285, M1977416

To all Parties and Interested Persons,

Due to the impacts of the COVID-19 virus on State facilities and DRMS staff resources, and in compliance with State stay at home and social distancing orders, notice is hereby given that this matter noticed for the April 22-23, 2020 Mined Land Reclamation Board has been further continued.

The Division is working closely with the Mined Land Reclamation Board, Attorney General's Office and IT staff in an effort to convene a virtual hearing for this matter at the May 13~14, 2020 hearing. DRMS will notify parties of the May hearing and details as soon as a final decision is made regarding the Board's ability to virtually convene in May.

As you are aware, the continuance is in support of Governor Jared Polis's direction and the Colorado Department of Public Health Safety and Environment recommendations to limit meetings as part of the social distancing objectives set out by the State of Colorado to help control the spread of COVID-19.

The Board and the Division understand your disappointment with the further delay of this hearing and appreciate your patience and understanding during this time. If further changes to the MLRB schedule are necessary you will be contacted.

If you have any questions please call or e-mail me for additional information or guidance.

Sincerely,

Russ Means
Minerals Program Director
Division of Reclamation Mining and Safety

Cc: Virginia Brannon, DRMS Director
