Hi Amy,

I apologize! My email account has been inundated with COVID-19 and EOC emails (a lot of which are from the State) for the last 6 weeks, I completely missed this message.

Nonetheless, yes, we built new signs and placed them at both entrances to the Horton property, the signs have been in place since March 10th. Pictures are attached.

To be honest, I have not begun the TR yet. I have begun to create the map though, and do not think that we will need an extension - should be able to meet the May deadline.

Thanks,
Justin
