Re: Lyons Quarry, Permit No. M-1977-141, Approval of Reclamation Deadline Extension

Mr. Deuto:

On April 14, 2020, the Division of Reclamation, Mining and Safety (Division) received your proposed reclamation schedule for the Lyons Quarry, submitted in response to the Division's April 8, 2020 letter. The Division has reviewed this information and considers it to be an acceptable plan given the current constraints imposed by the COVID-19 pandemic. Accordingly, the Division approves the operator's request for a one-year extension of the five-year deadline for completing reclamation at the site after mining has ceased, per Rule 3.1.3. This gives a new reclamation deadline of February 2022.
