RE: Preliminary Adequacy Review; Technical Revision (TR-02); Cesar Pit, Permit No. M-1998-101

Dear Mr. Beltramo,

On April 7, 2020, the Division of Reclamation, Mining and Safety (Division) received a request for Technical Revision (TR-02) to reclassify areas previously identified as no mining to mining and begin extraction in those areas at the Cesar Pit, Permit No. M-1998-101. Please be advised that on May 8, 2020, the application for TR-02 may be deemed inadequate and denied unless the following adequacy items are addressed to the Division's satisfaction. Subsequent to receipt and review of the Operator's response to these items. Please respond to the adequacy items with a letter summarizing each response, to the numbered items below, in a cover letter titled "Preliminary Adequacy Review Response TR-02, Cesar Pit, M-1998-101".

1. Please indicate on the Mining Plan Map the approximate areas of the proposed parcels to be mined.
2. Please provide a mining plan narrative that describes how mining will be accomplished in the proposed areas. If mining in these areas is anticipated to create a highwall the approximate dimensions should be included in the narrative, and accounted for in the reclamation cost estimate.
3. Please provide a reclamation narrative that describes how reclamation will be accomplished in the proposed area.
4. Please provide a reclamation cost estimate, worst case scenario, for the State to reclaim the proposed areas.

This concludes the Division's preliminary adequacy review of your application. The Division reserves the right to further supplement this document with additional adequacy items and/or details as necessary.

The decision date for your application is set for May 8, 2020. However, please allow the Division sufficient time to complete its review by submitting your response no later than five (5) working days prior to the decision date. If additional time is needed to respond, an extension request must be received by our Office by the decision date. If on the decision date, outstanding adequacy items remain, and no extension request has been received, your revision may be denied and the file terminated.

If you need additional information or have any questions, please contact me at Division of Reclamation, Mining and Safety, 1313 Sherman Street, Room 215, Denver, CO 80203, by telephone at **303-866-3567 x8114**, or by email at patrick.lennberg@state.co.us.

Sincerely,

Patrick Lennberg
Environmental Protection Specialist
