**Re: Mountain Park Concrete, Inc., Parshall Pit, Permit No. M-1998-034,
Technical Revision No. 2 (TR-02), Incomplete Submittal**

Mrs. Docheff:

The Division of Reclamation, Mining and Safety (Division/DRMS) received a technical revision application for intermittent status for the Parshall Pit on March 23, 2020. The revision submittal was deemed incomplete for purposes of filing for the following reasons;

- Insufficient payment of the \$216.00 technical revision fee
- Lack of justification to change the status of the mining operation to intermittent status due to weather

Please submit the required fee and weather justification information within 30 days of the date of this letter.
