Transmittal: Sunday Mine Complex Letter and Pictures
Sunday Mine (Permit M-1977-285),
St. Jude Mine (Permit M-1978-039HR),
West Sunday Mine (Permit M-1981-021)

Dear Mr. West:

Pinon Ridge Mining LLC (PRM) is pleased to respond to the letter you sent on April 9, 2020. The company would prefer the DRMS to remote review and approval process for the ore pad construction. I have included pictures and a signed letter from H&H Linings indicating that there was no damage during shipping or installation to the liners and was installed per the manufacture guidelines.

Please give me a call if you have any questions or concerns.

Sincerely,

PINON RIDGE MINING LLC

Mike Rutter

RE: PVC Liner Installation at Sunday Mine, West Sunday Mine, and St. Jude

Dear Monty,

During installation of each ore pad, the 30 mil PVC liner was inspected by H&H employees. During inspection of the liner, we were looking for imperfections and damage that may have occurred during shipping, handling and installation of the liner that would compromise the integrity, performance, and longevity. No damage was encountered to liner and installation was performed per manufacture guidelines.

If you have any questions or concerns please feel free to contact me at 970-261-7680 or bk@hhlining.com.

Sincerely,

A handwritten signature in black ink, appearing to read 'Brian Kendall', is written over a horizontal line.

Brian Kendall
President
H&H Lining Inc.
