Hello Tim,

I made phone contact with Mr. Bishop at 1:35 pm and explained the mechanical issues we had with the blasting pump truck. He was very understanding that we may be late in putting off the shot at 3:00pm. He stated that if we had to put it off between 4:00 pm or even 5:00 pm that he is OK with that happening, and just wants it done safely without anyone getting hurt. I thanked him for his concern for our safety and willingness to work with all of us at Red Canyon.
