To Whom it may concern,

I'm writing in strong disagreement with the mining near Grape Creek in Cañon City. This mining would effect fisherman that utilize grape creek & the campers that utilize a lot of the BLM around it. Mining near grape creek would block the takeout for the royal gorge rafting companies & especially all private boaters. A lot of the income in the valley is from boating and the gorge is so beautiful, customers love the seclusion and this world effect that. DO NOT MINE IN GRAPE CREEK!!

Thanks,
Jordan Russell
