Hi Rob, I thought I'd update you on my status. By the end of the week I should have the AHR for #2 complete, but there was a staff turnover at the company who provides flow monitoring for Bowie for the surface drainages, so I can't compile the report until I receive that data. And #1, well, I haven't even started inputting data yet. Can I get an extension for both mines until May 15? Thanks.

Hi, Tamme

That two week extension for both Bowie AHRs (approximately) is fine. Let me know if you run into any other delays.

Thanks and stay well.

Rob
