**Re: Climax Molybdenum Company, Henderson Mine, Permit No. M-1977-342,
Technical Revision Termination, Revision No. TR-06**

Mr. Hamarat:

On May 4, 2020 the Division of Reclamation, Mining and Safety (Division/DRMS) considered the request for the Henderson Mine, addressing the following:

- Water Treatment Facility in Urad Valley

The Division terminated the pending technical revision request with the approval of Amendment No. 7 (AM-07) which updated the affected land boundary to include the URAD wastewater treatment plant superseding TR-06.
