**RE: Adequacy Review-2 of a 112 Construction Materials Reclamation Permit Amendment
Application Package AM03, Bestway Concrete Company, Permit M1998-013 -AM03;
Response**

Dear Mr. Scott:

This letter is being generated to satisfy the review dated May 1, 2020 for the Shores Gravel Mine. The italicized items are the current comment and the bold text are the responses:

The Division of Reclamation, Mining, and Safety has completed its second adequacy review of your 112 construction materials reclamation permit amendment application. The application was called complete for review on February 19, 2020. All comment and review periods began February 19, 2020. The decision date for this application is May 19 2020. Please be advised that if you are unable to satisfactorily address any concerns identified in this review before the decision date, it will be your responsibility to request an extension of the review period. If there are outstanding issues that have not been adequately addressed prior to the end of the review period, and no extension has been requested, the Division will deny this application. In order to allow the Division adequate time to review your responses to any adequacy issues, please submit your adequacy responses to the Division no later than one week prior to the decision date (May 12, 2020).

Please note that any changes or additions to the application on file in our office must also be reflected in the public review copy, which has been placed with the Weld County Clerk and Recorder. – Acknowledged. A copy of the Adequacy Review 1 responses and Adequacy Review 2 responses have been delivered. See attached delivery confirmation.

The review consisted of comparing the application content with specific requirements of Rule 6.1, 6.2, 6.4 and 6.5 of the Minerals Rules and Regulations of the Colorado Mined Land Reclamation Board for the Extraction of Construction Materials. As with most applications, there are items that will require clarification of the existing information. Any inadequacies are identified under the respective exhibit heading.

EXHIBIT L - Reclamation Costs (Rule 6.4.12): All information necessary to calculate the costs of reclamation must be submitted and broken down into the various major phases of reclamation. You must provide sufficient information to calculate the cost of reclamation that would be incurred by the state.

DRMS will require additional information to be included in the reclamation estimate provided. At this time, DRMS notes that the mining plan states that Cells 2A and 3 will be mined at 2:1 slopes, but no volumes or costs have been provided for backfilling from 2:1 to the required final 3:1 internal slopes; please also provide the linear feet of slurry wall, and perimeter distances requiring backfill for these excavations.

Also per our previous discussion, DRMS will need additional information on the following items: backfill of the settling pond areas, (existing settling area for shores looks closer to 22 acres); additional information for backfilling of cells 1 and 2B - how much fill needed for each, where the material is coming from and what it's going to cost to move it from it's current location to where it needs to be utilized; backfill of infiltration area north of Pond E; an acreage breakdown for ripping, topsoil replacement, and revegetation around each

pond and backfilled area; descriptions and cost for the trees shown on the rec map for the ROW in the SW corner of the permit; and the cost for replacing the lateral crossing "pond 1". We will also need more detail about when the slurry walls and spillways for 2a and 3 will be bonded as well as backfilling of 2b. Those areas will be off-limits to disturbance until the appropriate bonds are posted. – Please see updated bonding calculations and associated bonding map showing the correlating data. The miner will not mine or disturb areas that have not been bonded.

EXHIBIT S - Permanent Man-Made Structures (Rule 6.4.19): Please review and update the status for the notices mailed out for all property owners within 200' of the permit, as well as structure owners within 200' of the permit. – Additional notes and updates have been added to the attached tables. Two residents (Bauer & Kemner) in the Mountain Shadows subdivision, south of Pond D of the Shores site and one resident (Weber) north of the Pond B on the Shores Site could not be verified as being notified by either; a 200-foot spacing notification or a structure agreement (both were sent to these residents in late February to early March 2020). The mailing for the Bauer residence states it is in transit as of April 13th, 2020 and the mailing for the Kemner residence states it was undeliverable as of April 1st, 2020. Civil Resources handed delivered notices to Kemner and Bauer on May 4, 2020. The Home Owners Association for the subdivision has also received an electronic copy of the 200-foot notification and the structure agreements for the two residents (see attached email verification) and they will try to send copies to those residents. The resident north of Pond B (Mr. Weber at 4777 WCR 24-3/4) has received a hand delivered notice to his mailbox on May 4th, 2020. An email was also sent to Kim Bielz a resident adjacent to the Vogl Amended Cell 1, initial communication was via the prior owner (Gary Norton) which is Kim Bielz father and Kim has recently purchased the property from Mr. Norton. Ongoing communication has been with Ms. Bielz.

DRMS notes that a geotechnical evaluation has been provided with the amendment submittal package. Any letters from other commenting agencies/entities received by the Division for this permit to date are available for review through the imaged document data link provided below, or through the DRMS website. <https://www.colorado.gov/pacific/drms/data-search>

This concludes the Division's preliminary adequacy review of this application. This letter shall not be construed to mean that there are no other technical deficiencies in your application. Other issues may arise as additional information is supplied. Please remember that the decision date for this amendment application is May 19, 2020. As previously mentioned, if you are unable to provide satisfactory responses to any inadequacies prior to this date, it will be your responsibility to request an extension of time to allow for continued review of this application. If there are still unresolved issues when the decision date arrives and no extension has been requested, the application will be denied. If you have any questions, please contact me at (303) 866-3567 x8140.

If there are any questions please do not hesitate to call or email me.

RE: Preliminary Review of a 112 Construction Materials Reclamation Permit Amendment
Application Package AM03, Bestway Concrete Company, Permit M1998-013 -AM03;
Response

Dear Mr. Scott:

This letter is being generated to satisfy the preliminary review dated August 21, 2019 for the ~~Shores~~ Gravel Mine. The italicized items are the current comment and the bold text are the responses:

The Division of Reclamation, Mining, and Safety has completed its preliminary adequacy review of your 112 construction materials reclamation permit amendment application. The application was called complete for review on February 19, 2020. All comment and review periods began February 19, 2020. The decision date for this application is May 19 2020. Please be advised that if you are unable to satisfactorily address any concerns identified in this review before the decision date, it will be your responsibility to request an extension of the review period. If there are outstanding issues that have not been adequately addressed prior to the end of the review period, and no extension has been requested, the Division will deny this application. In order to allow the Division adequate time to review your responses to any adequacy issues, please submit your adequacy responses to the Division no later than one week prior to the decision date (May 12, 2020).

Please note that any changes or additions to the application on file in our office must also be reflected in the public review copy, which has been placed with the Weld County Clerk and Recorder. - Acknowledged.

The review consisted of comparing the application content with specific requirements of Rule 6.1, 6.2, 6.4 and 6.5 of the Minerals Rules and Regulations of the Colorado Mined Land Reclamation Board for the Extraction of Construction Materials. As with most applications, there are items that will require clarification of the existing information. Any inadequacies are identified under the respective exhibit heading.

APPLICATION FORM:

Item 3: Permitted Acreage – The change in permit acreage shown on line 3.1 of the application form is 140.7 acres, however the legal description provided as Exhibit A gives an acreage total of 159.148. Please revise as necessary and/or identify the reason for the acreage discrepancy. – Exhibit A has been updated to show the same acreage as the plan-set/maps. The Vogl Property contains 159.148 acres but the permit boundary is 140.7 acres as a portion (~15.1 acres) of the northeast part of Vogl will not be mined or permitted. See updated maps.

Signature Page – The corporate seal for the Burnco Corporation has not been provided as required on the signature page. If you wish I can return the executed page to you for correction, or you may complete a new signature page. – The signature page has not been changed. The bonding representative at the DRMS was contacted and a response is pending (see attached email).

BONDING TABLE AND BONDING FIGURES

EXHIBIT L - RECLAMATION COST

Activity	Quantity	Units	Unit Costs	Cost
A. Processing area. Processing equipment is portable and would be removed by the operator				
1 Move serge piles into settling pond	1,000	CY	\$ 0.75	\$ 750.00
2 Remove concrete pad for wash plant	15	CY	\$ 65.00	\$ 975.00
3 Demolish and remove shop	1	LS	\$ 2,000.00	\$ 2,000.00
4 Remove concrete footings for office	8	CY	\$ 65.00	\$ 520.00
5 Remove concrete base for scale	10	CY	\$ 65.00	\$ 650.00
6 Scarify ground	5	Acres	\$ 150.00	\$ 750.00
7 Spread 12" topsoil	8,065	CY	\$ 0.75	\$ 6,048.75
8 Seed and Mulch	11	Acres	\$ 900.00	\$ 9,900.00
9 Remove Conveyor Belt & Reclaim (includes Vogl Site)	1	LS	\$ 25,000.00	\$ 25,000.00
Subtotal				\$ 46,593.75
B. Concrete Batch Plant.				
1 Move serge piles into settling pond	1,000	CY	\$ 0.75	\$ 750.00
2 Remove concrete pad for wash plant	15	CY	\$ 65.00	\$ 975.00
3 Demolish and remove shop	1	LS	\$ 2,000.00	\$ 2,000.00
4 Remove concrete footings for office	8	CY	\$ 65.00	\$ 520.00
5 Scarify ground	7	Acres	\$ 150.00	\$ 1,042.50
6 Spread 12" topsoil	11,210	CY	\$ 0.75	\$ 8,407.76
7 Seed and Mulch	7	Acres	\$ 900.00	\$ 6,255.00
Subtotal				\$ 19,950.26
C. Asphalt Plant (contained with Pond A)				
1 Move serge piles into settling pond	1,000	CY	\$ 0.75	\$ 750.00
2 Demolish and remove shop	1	LS	\$ 2,000.00	\$ 2,000.00
3 Remove concrete footings for office	8	CY	\$ 65.00	\$ 520.00
4 Scarify ground	0	Acres	\$ 150.00	\$ -
5 Spread 12" topsoil	0	CY	\$ 0.75	\$ -
6 Seed and Mulch	0	Acres	\$ 900.00	\$ -
Subtotal				\$ 3,270.00
D. Shore & Vogl Initial Reclamation (i.e. mass backfill, haul and place)				
1 Import Backfill Shores North Settling Pond (12.8 acres, 10 feet deep)	154,848	CY	\$ 3.00	\$ 464,544.00
2 Import Backfill Shores South Settling Pond (15.6 acres, 3 feet deep)	56,616	CY	\$ 3.00	\$ 169,848.00
3 Import Backfill Pond E Recharge Pond	33,550	CY	\$ 3.00	\$ 100,650.00
4 Place available onsite backfill - Vogl Cell 1 (22 acres at 20 feet deep, available backfill estimates, 3.5 feet of overburden across the site for 77 acres of stripped ground, 1,300' radius)	451,301	CY	\$ 1.50	\$ 676,951.50
5 Import Backfill to Vogl Cell 1, remaining shortage to complete backfill to grade	80,869	CY	\$ 3.00	\$ 242,607.00
6 Import Backfill to Vogl Pond 2b (9.4 acres -19 feet deep, pending 4 years, 2025 start)	216,000	CY	\$ -	\$ -
Subtotal				\$ 1,654,600.50
E. Settling Pond and Perimeter Seeding, including Amended Area & Shorelines				
1 Shores - Pond A Seeding (\$1210/ac topsoil + \$150/ac scarify + \$900/ac to seed & mulch)	2.90	Acres	\$ 2,260.00	\$ 6,554.00
2 Shores - Pond B Seeding (\$1210/ac topsoil + \$150/ac scarify + \$900/ac to seed & mulch)	0.00	Acres	\$ 2,260.00	\$ -
3 Shores - Pond C Seeding (\$1210/ac topsoil + \$150/ac scarify + \$900/ac to seed & mulch)	3.90	Acres	\$ 2,260.00	\$ 8,814.00
4 Shores - Pond D Seeding (\$150/ac scarify + \$900/ac to seed & mulch)	9.70	Acres	\$ 1,050.00	\$ 10,185.00
5 Shores - Pond E Seeding (\$1210/ac topsoil + \$150/ac scarify + \$900/ac to seed & mulch)	13.80	Acres	\$ 2,260.00	\$ 31,188.00
6 Settling Pond (\$1210/ac topsoil + \$150/ac scarify + \$900/ac to seed & mulch)	12.60	Acres	\$ 2,260.00	\$ 28,476.00
7 Miscellaneous Seeding South of Asphalt Plant	5.67	Acres	\$ 2,260.00	\$ 12,814.20
8 Seed and Mulch South Amended Area (\$150/ac scarify + \$900/ac to seed & mulch)	19.75	Acres	\$ 1,050.00	\$ 20,737.50
Shores Landscaping and Trees (13 trees (2" caliber, burr oak typ.) & 11 shrubs (5 gal. leadplant typ.) at \$500 a tree/shrub & 1.93 acres of seeding)	1.00	LS	\$ 14,000.00	\$ 14,000.00
10 Vogl - Pond 1 (\$1210/ac topsoil + \$150/ac scarify + \$900/ac to seed & mulch)	22.00	Acres	\$ 2,260.00	\$ 49,720.00
11 Vogl - Pond 2a (\$1210/ac topsoil + \$150/ac scarify + \$900/ac to seed & mulch)	1.83	Acres	\$ -	\$ -
12 Vogl - Pond 2b (\$1210/ac topsoil + \$150/ac scarify + \$900/ac to seed & mulch)	9.40	Acres	\$ -	\$ -
13 Vogl - Pond 3 (\$1210/ac topsoil + \$150/ac scarify + \$900/ac to seed & mulch)	1.83	Acres	\$ -	\$ -
Subtotal				\$ 182,488.70
F. Slurry Wall @ 20% and 100% Installation Cost (\$4.75 per SF) per DRMS Bonding Requirement. Assumes 22" - 23" average depth (including 4' key into bedrock & excludes Pond 2a & 3, as no disturbance for 2 yrs.)				
Pond A @20%, includes 6,286 linear feet of slurry wall	157,150	SF	\$ 4.75	\$ 149,292.50
Pond B @20%, includes 6,076 linear feet of slurry wall	151,900	SF	\$ 4.75	\$ 144,305.00
Pond C @20%, includes 6,823 linear feet of slurry wall	170,575	SF	\$ 4.75	\$ 162,046.25
Pond D @20%, includes 5,038 linear feet of slurry wall	125,950	SF	\$ 4.75	\$ 119,652.50
Pond E @20%, includes 3,250 linear feet of clay liner	120,370	CY	\$ 3.00	\$ 72,222.00
Pond 2a @100%, includes 6,257 linear feet of slurry wall (start in 2 years, 2023)	87,151	SF	\$ -	\$ -
Pond 3 @100%, includes 6,257 linear feet of slurry wall (start in 2 years, 2023)	89,908	SF	\$ -	\$ -
Subtotal				\$ 647,518.25
G. Rundown Spillways (includes haul of concrete riprap and placement , Pond 2a contains 26,000 SF of Pyramat Slope Reinforcement)				
Pond 2a (includes two spillways and Pyramat Reinforcement at Pond 2a outflow spillway, bond in 2 years)	3,200	TONS	\$ -	\$ -
Pond 3 (includes two spillways, bond in 2 years)	3,200	TONS	\$ -	\$ -
Subtotal				\$ -
Total Disturbance Costs				\$ 2,554,421.46
Indirect Costs				
Overhead & Profit				
Performance Bond (2.02%) - Based on DRMS estimate				\$ 51,599.31
Performance Bond (3.07%) - Based on DRMS estimate				\$ 26,821.43
Job Superintendent (240 hours @ \$75/hr) - Based on DRMS estimate				\$ 18,000.00
Contractor Mob and DeMob (3%) - Based on DRMS estimate				\$ 76,632.64
Contractor Overhead and Profit (10%) - Based on DRMS estimate				\$ 255,442.15
Subtotal				\$ 428,495.53

Subject: Vogl Notice Hand Delivery 5/4/2020

Andy,

I delivered the DRMS property owner notices to the following properties:

- **Weber: 4777 WCR 24-3/4, Firestone, Co 80504**
- **Kemner: 5695 WAVERLEY AVE, Firestone, Co 80504**
- **Bauer: 5794 WAVERLEY AVE, Firestone, Co 80504**

I knocked and rang the door bell at all three properties but no one answered, so I left the envelope in the mailbox for the Weber property and under the door mat at the Kemner and Bauer properties.

Lisa,

Please see the attached information in reference to the gravel mining amendment we just discussed. There will be no change to the Pond (known as Pond D) just north of the subdivision but as a requirement of the amendment we have to notify the neighbors surrounding the entire gravel mine permit boundary that Bestway is amending the Vogl Property into the current Shores Permit boundary.

Can you reply with confirmation of this?

Also do you have residents emails/phone numbers? I have sent many residents certified mail and two of them were never delivered so an email would allow me to get the information to them.

Here are the residents.

5695 WAVERLEY AVE FIRESTONE KEMNER DAVID C
5794 WAVERLEY AVE FIRESTONE BAUER JEFFRY L

Do you mind emailing them the attached info and copying me on the email. The residents would need the public notice and their respective structure owner letter.

Thanks ,

Andy Rodriguez, P.E.

Are these the ones you called about? Because if they arent, then I never received that email that you wanted me to acknowledge receiving.

If they are, then I'm officially acknowledging receipt of these documents.
