Fred and Jeff,

Hope you are both still well. The decision has been made to continue the hearing on the Sunday Mine Complex from May 13 to June 24, 2020. The Division and Board hope to convene in person for the June hearing, however, it is difficult to anticipate our ability to meet in June (either in person or a combination of in person/zoom) as requirements and restrictions related to COVID remain fluid. The Division and Board will continue to work on preparations for the June hearing so that this matter can be heard. Please contact me directly if you have any questions.

The Division and I appreciate your patience,

Jeff
