

## **Snyder Quarry**

**5-20-2020**

### **Sediment/ Erosion Control Pond, Slope Reclamation**

The slopes were seeded and mulched in 2018. No topsoil was available and no grading was done due to the location of the pond. Also, grading, if it was possible, would reduce the volume of the pond.

## **Snyder Product Stockpiles**

We are actively selling product from the Quarry. A loader is on site.
