*RE: Cross Gold Mine, Permit No. M-1977-410 Technical Revision No. 5 (TR5).*

Dear Ms. Eschberger:

In response to your letter dated May 26, 2020 regarding Cross Gold Mine TR No. 5 and the preliminary adequacy review, please consider this a request for a 15-day extension. Due to the limited time available under the initial review period and the extensive information requested, it is imperative that we have more time to address the issues brought up in the review.

Those issues identified in your May 26, 2020 letter are summarized as follows:

1. Adequacy concerns identified in the Memorandum from Jeff Graves
2. Proposed schedule for project implementation
3. A subsequent Technical Revision, if necessary, to address any additional information.

Thank you for continuing to work with us throughout this proposed TR No. 5 and I look forward to providing you the requested information once the extension is approved.

Please do not hesitate to contact me directly with any additional questions or concerns.

Yours truly,

Richard Mittasch
