Re: Crossfire Bonds Gravel Pit, Permit No. M-2015-001, Technical Revision Approval, Revision No. TR-2

Dear Mr. Neil:

On June 1, 2020 the Division of Reclamation, Mining and Safety approved the Technical Revision application submitted to the Division on May 21, 2020, addressing the following:

- *Update the location outside of the Permitted Area, in accordance with La Plata County requirements. Also update the point of entry for the access road into the Permit Area. The access road is identified as a permanent structure that will remain post reclamation.*

As discussed, The finalized Mining Plan Map and Reclamation plan maps should be submitted within **30 days** of the date of this letter. The finalized maps should include all required elements as well as the realigned access road. The maps should be submitted no later than **Wednesday July 1, 2020**.

The terms of the Technical Revision No. 2 approved by the Division are hereby incorporated into Permit No. M-2015-001. All other conditions and requirements of Permit No. M-2015-001 remain in full force and effect. If you have any questions, please contact me at the Division's Grand Junction Field Office, by phone at 303-866-3567 Ext. 8187 or by email at lucas.west@state.co.us.

Sincerely,

Lucas J. West
Environmental Protection Specialist
