Pueblo, CO 81001

**Re: Cesar Pit, Permit No. M-1998-101, Technical Revision Approval, Revision No. TR-02**

Dear Mr. Beltramo:

On June 2, 2020 the Division of Reclamation, Mining and Safety approved the Technical Revision application submitted to the Division on April 7, 2020, addressing the following:

*Revise Mining and Reclamation Plan Maps to reclassify areas previously identified as no mining to mining without changing the affected land area and allow mining to begin in these areas.*

The terms of the Technical Revision No. 2 (TR-02) approved by the Division are hereby incorporated into Permit No. M-1998-101. All other conditions and requirements of Permit No. M-1998-101 remain in full force and effect.

As part of the approval process for TR-02 the Division evaluated the financial warranty and determined the current bond amount, \$219,000.00, held by the Division is adequate at this time.

If you have any questions, please contact me.

Sincerely,

Patrick Lennberg  
Environmental Protection Specialist
