Process pond relocation and improvements to comply with Violation MV-2019-033.

The terms of the Technical Revision No. 8 approved by the Division are hereby incorporated into Permit No. M-1992-009. All other conditions and requirements of Permit No. M-1992-009 remain in full force and effect. As the Operator has complied with the corrective actions of MV-2019-033 set by the Mine Land Reclamation Board, the Division considers the violation abated.
