RE: Cross Gold Mine, Permit No. M-1977-410 Technical Revision No. 5 (TR5).

Dear Ms. Eschberger:

We are submitting TR5 to your office today, and along with that, I am requesting another 30-day extension in order for all parties to have proper time to review.

Those issues identified in your May 26, 2020 letter are summarized as follows:

1. Adequacy concerns identified in the Memorandum from Jeff Graves
2. Proposed schedule for project implementation
3. A subsequent Technical Revision, if necessary, to address any additional information.

Thank you for continuing to work with us throughout this proposed TR No. 5 and I look forward to providing you the requested information once the extension is approved.

Please do not hesitate to contact me directly with any additional questions or concerns.

Yours truly,

Richard Mittasch
