

6/11/20

TO: Colorado Department Reclamation Mining and Safety

From: Park County Public Works

Subject: Permitt # M1980019 Hall Gulch

We would like to inform you that we have finished with reclamation work in this pit on 5/29/2020. We want to put this pit in final reclamation.

We Put down:

1: 250 lbs Low Grow Mix grass seed

2: 550 Bales Certified Barley straw for Mulch

We used a disc to rake it in., and at this time we are already seeing seed growth.

Safety, Training and Compliance Specialist

Low Grow Mix

A mixture of lower maintenance cool season grasses that establish well in cooler areas below 8000 ft. elevation. The lower growth habit of the grasses lends itself to infrequent or no mowing. Well-suited for erosion control and transition turf areas.

30% Crested Wheatgrass, Ephraim
25% Perennial Ryegrass, VNS
15% Sheep Fescue, VNS
15% Chewing Fescue, VNS
15% Upland Bluegrass, Drayler

Drilling Rate

20-25 lbs. per acre

Broad Casting Rate

30-35 lbs. per acre

Small Areas:

1-2lbs. per 1000 sq. ft.

Available in 50 lb., 25 lb., and 5 lb. bags

Buffalo Brand Seed is an independently owned seed company specializing in alfalfas, native grasses, forage grasses, turf grasses, small grains and annual forages. Our long-term success has been built upon putting family first while maintaining our commitment to exceed our customer's expectations at every opportunity. Buffalo Brand Seed has been supplying customers with high quality seed since 1958.
