Mr. Mahoney:

On May 29, 2020 the Division of Reclamation, Mining and Safety (Division) received your request for Full and Final Release of the Entire Permitted Area. The request met the requirements of Rule 4.17.1. The site was inspected on June 11, 2020. Staff has determined that all reclamation has been completed in accordance with the Act, Rules and Regulations and the approved Reclamation Plan. I am pleased to inform you that on June 24, 2020 the Division has **approved** your request and released Skanska USA Civil West Rocky Mountain District Inc. from further reclamation responsibility for the Craig Pit.

Per Rule 4.17.2(5), the Financial Warranty shall not be held for more than thirty (30) calendar days after the Division finds that the operator has successfully completed reclamation. Please allow forty-five (45) days for the return for the return of the Financial Warranty.
