Re: Keenesburg Mine (Permit No. C-1981-028)
Review of 2020 Pond Inspections (First and Second Quarters)

Dear Mr. Moline:

The Division received your First Quarter and Second Quarter Pond Inspection Reports (signed by Danny Kipp) based on inspections in March and June of 2020. I reviewed these two reports in the context of the Regulations of the Colorado Mined Land Reclamation Board for Coal Mining, in particular Rule 4.05.9(17). The reports are in compliance with these regulations. No problems were identified with the two ponds at the Keenesburg Mine.

If you have any questions or comments, please do not hesitate to contact me at Rob.Zuber@state.co.us or 720.601.2276.

Sincerely,

Robert D. Zuber, P.E.
Environmental Protection Specialist II
