RE: M-1977-317 Cedarwood Clay Mine, Pueblo County, CO

Patrick,

On Monday July 6<sup>th</sup>, I met with Fremont County Weed Management personnel at the Cedarwood mine site. The site was inspected and treatment was applied to several acres of land infested with bindweed as well as thistles. I expect to receive their field report and control plan recommendation in the next couple of days. I will forward copies of the field report to you for the file.

I also installed a new sign near the entrance gate stating that the Colorado MLRB has issued permit M-1977-317 Cedarwood Clay Mine to Seifert Enterprises LLC 719-783-2757. The sign is 24"x 36" with two inch letters. I will send you a picture via text.

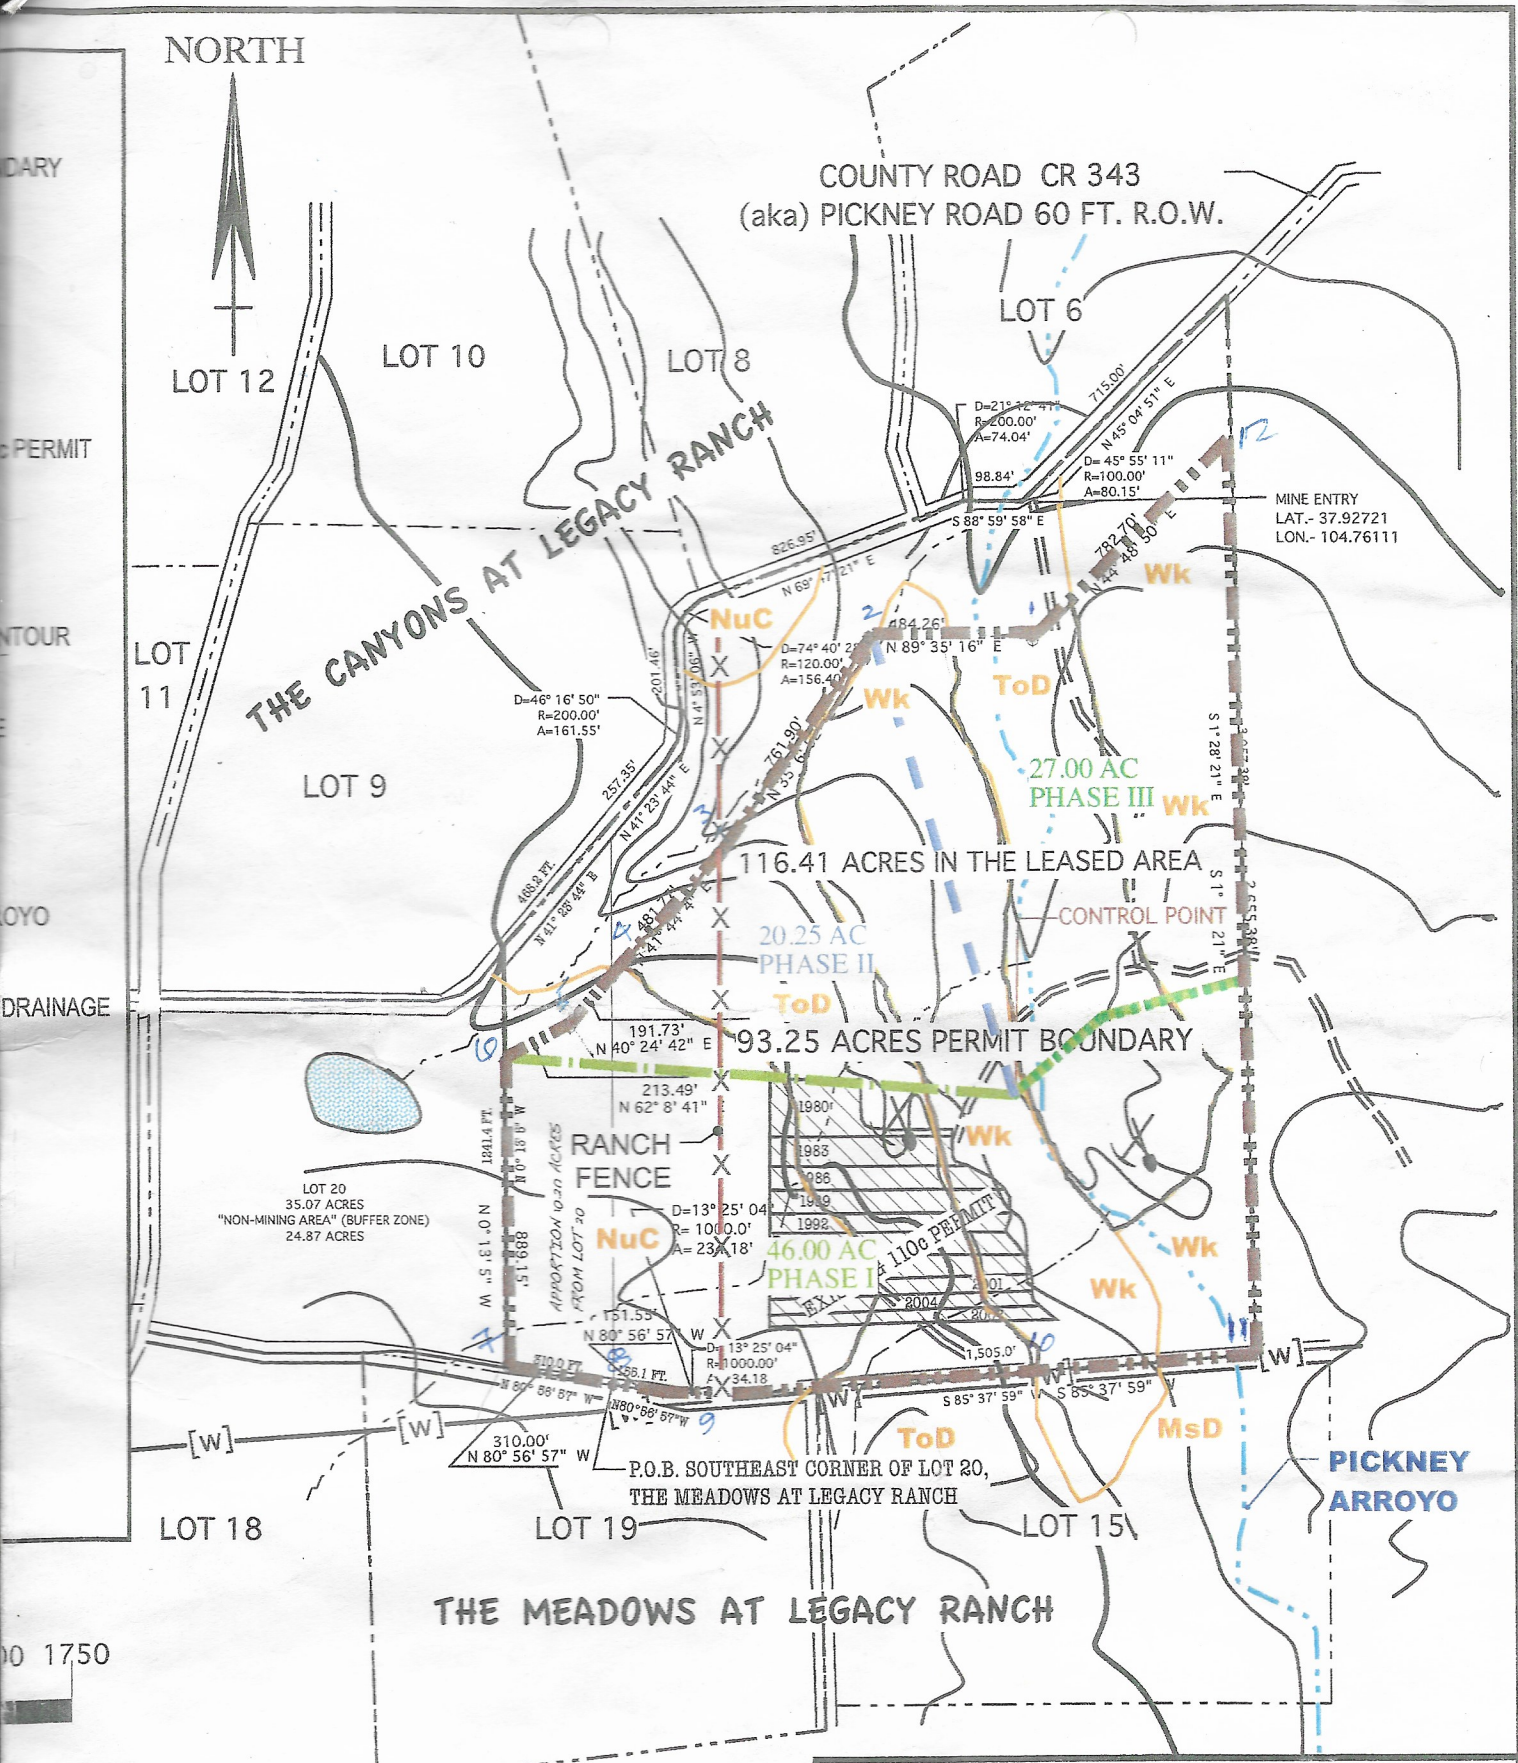

I also walked the boundary of the permitted area and painted each t-post marker bright orange. I recorded gps coordinates (Garmin 62st) for each boundary marker starting with No. 1 near the main haul road near the entrance gate and progressing counter clockwise around the property. Boundary marker No. 12 is the NE corner of the permit area. The boundary coordinates were as follows:

At entrance gate	N37.92679	W104.76138

No.1	N37.92597	W104.76112	@5833

I am attaching a site map with boundary locations marked 1 through 12.

If you need anything else to complete the address to site deficiencies, please let me know and I will address as soon as possible. Thanks!
