**Re: Saturn X, DRMS File M2019-052, Confirmation of File Termination Request**

Mr. Patterson:

On July 22, 2020, the Division of Reclamation, Mining and Safety received your request via e-mail to terminate the approved application for the Saturn X site, DRMS file M2019-052 prior to permit issuance.

This letter serves as confirmation of termination of DRMS file M2019-052 at the applicant's request. All hard copies of materials submitted to DRMS during the application and review process will be recycled.

If you have any questions, please contact me.

Sincerely,

Eric C. Scott  
Environmental Protection Specialist
