DESCRIPTION OF COMPLAINT

(Please be as specific as possible)

Note: Please provide as much detail related to location and issue as possible. Without enough detail, DRMS will not be able to process or investigate the complaint and, therefore, DRMS will have no choice but to discard the complaint.

Location of Concern *

Please provide as much detail as possible. It is important to narrow down the location. If available, please include Township, Range and Section, physical address, or GPS location. You may also upload a pdf map below.

Looks like a mining extraction of placer gold operation. The use of a dump truck, backhoe, loader, trommel, screens and a base camp. Located in West Montrose County at the intersection of state highway 141 and County rd R13 (close to Q13). Both sides of road and the crossing of heavy equipment across highway. No reclamation permit posted nor an MSHA required postings posted. This area was reclaimed by my self through the years for the CDRMS either with Paul Krabacher or Jeff Litterall. This area has an old sign saying it is the "Little Louise Mine". Also, placer operation and water pumps in the Dolores River maybe connected.

Incident County *

Montrose County

Detailed description of the issue(s) * (?)

Please provide as much detail as possible. It is important to narrow down the issue(s).

See the above. Being involved with mine reclamation, permitting, legal mining and recreational mining for the last 35 years in Colorado and knowing the Colorado laws for mining and reclamation along with MSHA requirements this is not in compliance.
