**Re: Green/Croissant Property Sand and Gravel Mine, Permit No. M-2001-022,
Technical Revision No. 2 (TR-02), Incomplete Submittal**

Mrs. Fancher-English:

The Division of Reclamation, Mining and Safety (Division/DRMS) received Technical Revision No. 2 (TR-02) for the Green/Croissant Mine, Permit No. M-2001-022, on August 7, 2020. The revision application was deemed incomplete for purposes of filing for the following reason:

- Insufficient payment of the application fee. The Operator submitted the \$175 fee for a 112 hard rock revision, instead of the required \$216 fee for a 112 construction material revision. Please submit the remaining \$41 revision fee.

Please submit the remaining technical revision application fee by September 13, 2020. Failure to do so will result in the application being denied by the Division.
