Re: North Thompson Creek Mine, Permit C-1981-025
Review of 2020 Discharge Monitoring Reports (DMRs) for First and Second Quarters

Dear Mr. Stover:

The Division received the DMRs for the North Thompson Creek Mine for the first six months of 2020. This includes the monthly reports (January through June) and the first and second quarter reports. For all six months, the reports say “no discharge.”

The Division reviewed these monthly reports, and we find no issues to address. If you have any questions or comments, please do not hesitate to contact me at Rob.Zuber@state.co.us or 720.601.2276.
