Re: Iverson Mine, Acreage Reduction Approval, Permit No. M-2011-001,
Revision No. AR-02

Mrs. Mikulas:

On August 18, 2020, the Colorado Division of Reclamation, Mining and Safety (Division/DRMS) approved the request for release of a portion of the permit area from further reclamation responsibility.

The permit area was reduced to 65.0 acres, through the release of 1.50 acres for the conveyor corridor and railroad crossing in this permit action. Because the permit is not totally released, you are still liable for filing annual reports and fees.

If you have any questions, please contact me at peter.hays@state.co.us or (303) 866-3567 Ext. 8124.

Sincerely,

Peter S. Hays
