

7/2/2020

Greigg,

If you return the land in an "As-is" condition, this will be acceptable to us. The slope doesn't seem to affect the cattle grazing. If you have any questions you are welcome to give me a call 719-472-4812. If top soil wasn't spread correctly, it would actually probably be worse for the cattle grazing ability of the ground.

Garrett Balsick

A handwritten signature in black ink, appearing to read "Garrett Balsick". The signature is stylized with a large, sweeping initial "G" and a series of loops and strokes that form the rest of the name.
