RE: Aggregate Industries-WCR, Inc. Lyons Quarry (M1977-141) Corrective Actions Deadline Extension Request

Dear Ms. Eschberger,

Aggregate Industries-WCR Inc. ("Aggregate Industries") is currently obligated to complete necessary reclamation operations at our Lyons Quarry (M1977-141) by Spring of 2022. We are working on a plan for this and continued site maintenance will be a part of this plan moving forward.

Aggregate Industries is hereby requesting an extension to address the weed control corrective actions at the Lyons Quarry that were a result of the June 3, 2020 onsite inspection. We currently have a weed control contractor scheduled to mobilize to the site and begin weed control operations on September 1, 2020. Therefore, we would like to request a deadline extension through September 14, 2020. This should enable us to develop the photographic evidence of completion.

We are committed to meeting our obligations onsite, and appreciate your consideration of Aggregate Industries extension request.
