Re: Bedrock Mine #1, Permit No. M-1997-086, Technical Revision Approval, Revision No. TR-03

Dear Mr. Mueller:

On August 27, 2020 the Division of Reclamation, Mining and Safety approved the Technical Revision application submitted to the Division on August 25, 2020, addressing the following:

Increase disturbed area from 60 acres to 100 acres

The terms of the Technical Revision No. 3 approved by the Division are hereby incorporated into Permit No. M-1997-086. All other conditions and requirements of Permit No. M-1997-086 remain in full force and effect.

As part of the approval process for TR-03 the Division evaluated the financial warranty and determined the bond amount, \$108,619.00, calculated in Surety Increase No. 1 (issued on 8/21/2020), will be adequate once received by the Division.

If you have any questions, please contact me.

Sincerely,

Patrick Lennberg
Environmental Protection Specialist
