Re: Cesar Pit, Permit No. M-1998-101, Reclamation Approval, Revision No. SR-1

Mr. Beltramo:

On July 28, 2020 the Division of Reclamation, Mining and Safety approved your request for release of reclamation responsibility of 20.4 acres located in the South Area immediately north of the scale house. The area remains part of the permit boundary. Should you decide re-affect the area the Division may recalculate the bond held for site. This decision does not reduce the amount of the financial warranty.

The terms of the SR-1 approved by the Division are hereby incorporated into Permit No. M-1998-101. All other conditions and requirements of Permit No. M-1998-101 remain in full force and effect.

If you have any questions, please contact me.

Sincerely,

Patrick Lennberg
Environmental Protection Specialist
