Re: Colorado Moss Rock, Permit No. M-2011-039, Technical Revision Approval, Revision No. TR-1

Dear Mr. Simpson:

On August 27, 2020 the Division of Reclamation, Mining and Safety approved the Technical Revision application submitted to the Division on August 4, 2020, addressing the following:

*Update reclamation plan to more accurately reflect site conditions and better way to perform seeding.
Remove mulching and drill seeding requirement and replace with hydro-seeding.*

The terms of the Technical Revision No. 1 approved by the Division are hereby incorporated into Permit No. M-2011-039. All other conditions and requirements of Permit No. M-2011-039 remain in full force and effect.

The estimated liability amount of \$13,058 for M-2011-039 exceeds the \$9,650 performance bond currently held. **In accordance with Rule 4.2.1(2), the permittee shall post the additional financial warranty of \$3,408 within 60 days, due on or before October 26, 2020.**

If you have any questions, please contact me.

Sincerely,

Patrick Lennberg
Environmental Protection Specialist
