**Permit No. C-1981-019**  
**Technical Revision No. 142**  
**Stoker Siding Pond As-Built**

Dear Mr. Trujillo,

Tri-State Generation and Transmission Association Inc. (Tri-State), is the parent company to Axial Basin Coal Company, which is the general partner to Colowyo Coal Company L.P. (Colowyo). Therefore, Tri-State on behalf of Colowyo is submitting technical revision 142 (TR-142) to Permit No. C-1981-019. TR-142 provides the as-built configuration of the Stoker Siding Pond after repairs were made to the primary discharge structure.

Included in this technical revision are a proposed public notice and a change of index sheet to ease incorporation of this technical revision into the permit document. If you should have any additional questions or concerns, please feel free to contact Tony Tennyson at (970) 824-1232 at your convenience.

Sincerely,
