RE: Dowe Flats Mine, Permit No. M-1993-041, Technical Revision Approval, Revision No. TR-4

Mr. Cisse:

On September 1, 2020, the Division of Reclamation, Mining and Safety (Division) approved the Technical Revision application (TR-4) filed with the Division on February 10, 2020, addressing the following:

Revise the mining and reclamation plans and maps, increase the maximum allowed disturbed area to 325 acres, and update the reclamation cost estimate to include costs for the increased disturbance and removal of the conveyor system.

The terms of the Technical Revision No. 4 approved by the Division are hereby incorporated into Permit No. M-1993-041. All other conditions and requirements of Permit No. M-1993-041 remain in full force and effect.

In its review of TR-4, the Division determined the required financial warranty for the site to be in the amount of \$12,684,983.00, which is \$9,295,523.00 more than the currently held amount of \$3,389,460.00. A notice of surety increase (including the Division's revised bond estimate) will be mailed to you separately from this letter for the amount above. You will have 60 days from the date of the notice to post the additional required financial warranty.

If you have any questions, you may contact me by telephone at (303) 866-3567, ext. 8129, or by email at amy.eschberger@state.co.us.

Sincerely,

Amy Eschberger
